

Kære femøister

For English - see below.

Nu er der snart ikke længe til foråret kommer, og tilmeldingen til årets Kvindelejr åbner.

I dette nyhedsbrev kan du læse om, hvordan og hvornår du tilmelder dig, kommende arrangementer og online evaluering af sidste års lejr.

### **Tilmelding åbner 8. marts for sommerens Kvindelejr 2025**

Lørdag den 8. marts kl. 00.01 åbner vi for tilmeldingen til sommerens Kvindelejr på [formularsiden](#) – linket bliver først aktivt, når tilmeldingen åbner. Indtil da vil linket give en fejlside.

Alle tilmeldinger som kommer ind det første døgn bliver ligestillet og på uger, hvor der er flere tilmeldte end pladser, trækker vi lod blandt tilmeldingerne fra 8. marts og laver en venteliste. Fra den 9. marts er tilmeldinger først-til-mølle.

Sidste år var der venteliste på de fleste uger fra første dag, så husk at tilmelde dig den 8. marts – eller så hurtigt muligt derefter.

Vi forventer, at programmerne for alle sommerens uger er offentliggjort i slutningen af februar på [Kvindelejrens hjemmeside](#).

### **Nyt om enkeltdagstilmeldinger 2025**

På efterårsseminaret blev det besluttet at ændre på proceduren for enkeltdagstilmeldinger. Derfor vil det fra i år først være muligt at tilmelde sig enkeltdage via tilmeldingsformularen fra den 8. juni. Vi sender et nyhedsbrev ud, når enkeltdagstilmeldingerne åbner.

**OBS:** For- og Efterlejr, samt International uge har åbent for enkeltdage allerede fra den 8. marts.

### **Dispensation og ny omsorgsside**

Det vil være muligt at søge dispensation for enkeltdagstilmelding, hvis man af helt særlige årsager (handicap, psykisk sårbarhed m.v.) ikke kan deltage i en hel uge. Disse tilmeldinger vil være med i eventuelle lodtrækninger på overtegnede uger. Vær opmærksom på, at der er meget få pladser pr. uge og at dispensationsmuligheden kun er åben den 8. marts.

På den nye "[omsorgsside](#)" på Kvindelejrens hjemmeside kan man læse mere om retningslinjerne for dispensation, samt bl.a. muligheden for at reservere en feltseng.

### **Kampdag den 8. marts i Kvindehuset**

Igen i år bliver Kvindernes Internationale kampdag fejret i Kvindehuset. Der er fuldt dagsprogram og efterfølgende fest til ud på de sene nattetimer. Læs mere om programmet m.m. i [Facebook-begivenheden](#).

### **Sæt kryds i kalenderen - Forårsseminar & fest d. 5 april**

Traditionen tro er der forårsseminar i Kvindehuset med efterfølgende fest. Mere info følger, men skriv allerede nu datoen i kalenderen.

### **Lejren i sommers 2024 - evaluering**

Vi vil gerne give jer, der var på lejren i sommers, en ekstra mulighed for komme med input om jeres sommer på Femø i 2024. Vi håber, at det kan skabe rum til at gøre sekretariatet opmærksom på eventuelle indtryk, der endnu ikke er delt gennem sommerens evaluering på ugerne. Spørgeskemaet er selvfølgelig anonymt.

[Giv dine input her](#)

Kærlig hilsen  
Sekretariatet

---

Dear Femøists

Spring is just around the corner, and soon the registration for this year's Femø Women's Camp will open.

In this newsletter, you can read about how and when to sign up, as well as upcoming events and how to share inputs from last years camp.

### **Registration opens on March 8 for the 2025 Femø Women's Camp**

On Saturday, March 8, at 00:01, we will open registration for this summer's Women's Camp via [the registration form page](#)

All registrations received within the first 24 hours will be treated equally. For weeks where there are more registrations than available spots, a lottery will be conducted among the registrations from March 8, and a waiting list will be created. From March 9 onwards, registration will be on a first-come, first-served basis.

Last year, most weeks had a waiting list from day one, so remember to register on March 8 - or as soon as possible afterward.

We expect that the full program for this summer's weeks is published at the end of February on the Women's Camp website.

### **For Danish weeks: changes for single-day registrations in 2025 for the Danish weeks**

At the autumn seminar, it was decided to change the procedure for single-day registrations for all weeks - but not International Week. Please take a look at the Danish part of this newsletter for explanation.

At Femø Women's Camp, we prefer if everyone registers for a full week, from Saturday to Saturday. The camp works best when participants stay for the entire week. This is not only because the practical

tasks (duties) are equally important at the beginning and end of the week. It also strengthens the social atmosphere and community when as many participants as possible stay for the whole week.

However, we know that some cannot participate for a full week due to physical or mental challenges. Or because it is difficult to match with the travel arrangements from abroad. Therefore, at Inti Week, you can also sign up for single-days – and for hopefully as many as possible!

### **New care page**

In general, anyone can participate regardless of physical ability, shape, or size, as long as you can walk on uneven ground, sleep in a simple way, and manage without a hairdryer (there is no electricity or plumbing at the camp).

On the new “[Care Page](#)” on the Women’s Camp website, you can find information about how we take care of each other and set expectations based on your needs. You can read about a new acquisition: The camp now has a small number of camp beds, which are reserved for those who need them the most. If you require a camp bed, contact your weekly team.

### **International Women’s Day – March 8 at Kvindehuset**

Once again this year, Kvindehuset will celebrate International Women’s Day. There will be a full-day program followed by a party that lasts into the late-night hours.

Read more about the program and event details on the [Facebook event page](#).

### **Save the date – Spring Seminar & Party on April 5**

As tradition dictates, the Spring Seminar will take place at Kvindehuset, followed by a party. More information will follow, but mark the date in your calendar already.

### **The camp last summer 2024 - evaluation**

We would like to give you an additional opportunity for you to share your thoughts about your summer at Femø in 2024. We hope it will create space to bring any impressions to the attention of the secretariat that may not have been shared during the weekly evaluations over the summer. All responses will be treated anonymously.

[Share your inputs here](#)

Kind Regards  
The Secretariat
